

ATLANTICA HOTELS & RESORTS

Sustainable Development Policy

Vision

The Atlantica Hotels& Resorts is committed to continually improve its services , satisfy current legal requirements, attain maximum quality level required by our customers, add value to our brands and contribute to the communities we live and work in by developing sustainable tourism.

Policy

As a leading group of hotels, we recognise that the environment, communities and our employees are vital to the success of our business. Responsible business is one of the company's most important values, and highlights our commitment to sustainable development and contribution to the society we work and live in.

Our Group has also developed individual Environmental, Quality, Food Safety, Health and Safety, policies in order to comply with International Standards requirements against which hotels of the group have been certificated.

We have also developed Employees and Community Policy in order to comply with Travel Life requirements as well as to continuously improve our relations with employees and communities in turn the employees and our society will take care of our valuable customers. We are therefore committed to the following:

Principles

- We are committed to minimising the impact of our operations on the environment.
- We are committed to comply with all relevant environmental legislation and regulations and with other requirements to which the hotel subscribes.
- We are committed to protect the environment through pollution prevention and continual improvement of our environmental performance specifically by reducing our carbon emissions through work programmes and renewable energy resources.
- All our businesses take into account the effects that our activities have on the environment.
- We are committed to continually improve our environmental performance.
- We are committed to provide all necessary means for the implementation of the Environmental Management System.

Intentions

- To understand the environmental issues associated with our activities.
- To set objectives and targets in order to manage the important environmental impacts.
- To minimise the use of energy and water through monitoring and increasing the efficiency of use and purchase environmental sound products wherever possible, while upholding the highest standards of comfort, quality and guest service.
- To ensure that all employees are aware of their individual responsibilities for acting in accordance with the policy.
- To educate employees so as to become more environmentally aware.
- To set and review environmental objectives and targets and to implement an action plan, addressing waste reduction, energy and resources conservation and raw materials and products environmental evaluation.
- The hotels will release the necessary resources to achieve these objectives using the best available practices, which do not entail excessive cost.
- To communicate to our employees, customers and suppliers our policy and achievements in improving our environmental performance and our engagement to the sustainable management and business.
- To incorporate sustainability into everyday business practice.
- To encourage engagement of our business with local communities.
